SHRI FIELD TRIP - VISIT TO THE NURSERY

"The best classroom is one where children can see, touch, explore and discover."

Namaste!

Dear Parents (**Grades 01**),

Greetings from **The Shri Ram Universal School, Gandhidham!**

As part of our ongoing unit on **Plants**, our Grade 1 students will visit a local plant nursery for a meaningful **hands-on learning experience**.

::Visit details::

Date: 01/10/2026, THURSDAY | Time: During school hours | Transport: Via School Bus

Children learn most meaningfully when they can connect classroom concepts with the world around them. During this visit, students will have the opportunity to observe plants closely, identify their different parts, explore various kinds of plants and understand what plants need to grow, including **sunlight, water, air and soil**.

The visit will help transform their classroom learning into a real-world experience, encouraging them to **observe, question, explore and appreciate the wonderful world of plants**.

We look forward to an engaging and enriching learning experience for our young explorers.

With warm regards and gratitude,

Smriti Verma
